

40 years ago, at the age of 39, Mrs. Edith P. Wright succumbed to breast cancer, leaving in her legacy a devoted husband and 4 children.

Today her legacy lives on through her family and the Foundation established in her honor. Thanks to the support of generous donors and funders, The Edith P. Wright Breast Cancer Foundation, Inc. continues to serve families battling this terrible disease, with basic needs such as house cleaning, transportation services, groceries, and more.

Now you are invited to join the official EPW 40/40 Campaign to assist in raising \$100,000 to service the needs of families of the DMV.

Join our EPW 40/40 Campaign at one of the levels below and help us continue to achieve our mission of *providing support services to families facing breast cancer.*
